

One idea. One coherent identity.

Identity PDF + latest visual boards, connected to a practical website and brand rollout plan.

BRAND IDEA

Considered architecture. A sense of home.

The core message: carefully considered architecture creates a stronger sense of home.
Make the practice feel precise, human and quietly confident.

PROPOSED BRAND LINE

Considered spaces. Meaningful living.

LOGO REFERENCE FROM THE SUPPLIED PDF

01 / PROPOSED AUDIENCE

Homeowners

Clients commissioning a home or adapting an existing one.

02 / PROPOSED AUDIENCE

Interior clients

People seeking comfortable, coherent spaces for daily life.

03 / PROPOSED AUDIENCE

Partners

Developers and collaborators seeking careful architectural design.

TYPE DIRECTION

Spaces with purpose.
Thoughtful architecture, clearly expressed.

Page surfaces

GRAPHITE
#29313A
Body text

01 / LOGO

Preserve the form

Intended D + A reading: linear precision with curved balance. Preserve the clean left upright without a foot. Keep symbol and wordmark independently usable.

02 / SPACING

Keep breathing room

Retain the open gap between both name lines. Proposed clear space: one subtitle cap height. Set minimum sizes after vector and small-size tests.

03 / TYPE

Match the reference

Both name lines use matching light geometric lettering. Confirm the real licensed font. Proposed website pairing: Jost headings and Inter body text.

WEBSITE RULE

Ivory pages + graphite text. Gold symbol + ivory name on navy. Navy logo on ivory.

The website has one job

Help a visitor understand the practice, trust the work and start a relevant conversation.

VISITOR JOURNEY

RECOMMENDED SITE MAP

SUPPORTING PAGES
Privacy information; error and enquiry confirmation pages.

PRIMARY ACTION: DISCUSS YOUR PROJECT

Secondary action: View projects. Keep both clear and consistent across the site.

Content that earns confidence

A real portfolio, clear service information and a simple enquiry route.

01 / HOME

Introduce the practice

Brand line and short positioning. Selected real projects. Brief process summary. Clear invitation to discuss a project. Use fewer, stronger images.

02 / PROJECTS

Explain the decisions

For each project: brief, verified scope, design response, images or drawings, materials and status. Label completed, in progress and concept work accurately.

03 / STUDIO + SERVICES

Make the process clear

Verified team profiles and credentials. Confirmed services. Explain consultation, design and delivery stages using the practice's actual process.

THE ENQUIRY PATH

Project details

Name, email, location, type and short description.

Helpful options

Budget range and timing can be optional.

Clear next step

Send to the confirmed studio inbox; show success or error.

Voice: warm, specific and direct. Explain light, proportion, materials and daily use.

One identity across the practice

Carry the same logo, palette and typographic hierarchy into each brand application.

01 / TECHNICAL

Drawings & site

Single-colour logo for drawing title blocks. Consistent project numbers and issue information. Legible site signage with approved contact details.

02 / CLIENT-FACING

Proposals & stationery

Coordinated proposal cover, letterhead, business card and email signature. Real project images and clear contact details, with restrained gold accents.

03 / DIGITAL

Website & social

Website logo exports, simplified favicon, social avatar and project-post templates. Shared image crops, spacing and caption style.

CONTENT CHECKLIST BEFORE DESIGN

■	IDENTITY	Latest logo reference and final vector master.
■	PORTFOLIO	Project images, drawing permissions and verified credits.
■	PRACTICE	Services, team, location, contact and working process.
■	ADMIN	Domain access, enquiry destination and content owner.

Publishing principle: real projects, genuine claims and credited imagery.

From direction to delivery

A staged handover keeps the identity, content and website aligned.

WEBSITE DELIVERY STANDARD

Mobile-friendly pages, compressed imagery, readable text, keyboard access and visible focus. Target WCAG 2.2 AA. Test the enquiry flow, including errors and spam protection.

Editable project entries, descriptive page titles, image descriptions, sitemap and verified location details. Give the client a short editing guide and ongoing content responsibility.

MEASURE THE RESULT

Track relevant enquiries and project-to-contact visits, if appropriate analytics are enabled.

ASSUMPTIONS TO CONFIRM

The identity PDF provides the brand message and logo requirements. The latest two boards set the working palette, replacing the earlier PDF colour values. Confirm services and portfolio. Logo masters, licensed typography and minimum sizes remain production tasks. Application visuals are proposed mockups.
